WHO IS ROAD SUPERVISOR?

**Wilson Now Wants
His Office
Back.**

**Holloway's Order to
Vida Fails of
Result.**

**Supervisors Will Probably Order
the Road Office to Be Turned
Over Again**

There was a little mix-up yesterday between the County and the Territory as to the conduct of the Road Department for Oahu. Charis B. Wilson, road supervisor under the Territorial administration, appeared in the road office yesterday morning with an order from Supt. Holloway to H. C. Vida, the road supervisor appointed by the County, requesting that the department be surrendered to Wilson. Vida refused to give up, and said that he would first have to get an order from the Board of Supervisors. Wilson appealed to the Superintendent of Public Works, and Holloway sent him to the Governor. Wilson is out of office and Vida is in control, is the present status of the situation.

"I gave Mr. Wilson a letter this morning to Mr. Vida requesting him to turn over the office to the former road supervisor," said Superintendent Holloway. "I understand that Mr. Vida refused to turn over the office and is still in charge. Wilson is acting under his old commission which I believe is still in effect. The solution of the problem will be that we will have to get along without a road supervisor for four or five days. Mr. Wilson intended to call on the Governor for aid, I believe."

"Mr. Wilson made a demand on me for the road office this morning," said Vida yesterday afternoon. "He had a letter from the Superintendent of Public Works, but I told him that I would first have to get an order from the Supervisors. I don't intend to turn the office over to Charlie Wilson, but will surrender it to Supt. Holloway."

The Supervisors will hold a meeting Monday to consider the question of adjourning sine die, and if it is decided to surrender all the functions of county government, Road Supervisor Vida will be instructed to give up the road office. In the meantime the old road force is continued at work under Supervisor Vida and there is no delay in the work of the department.

BIG GAME OF "SOCKER" TODAY

"Socker" football will be played this afternoon at 4:15 on the Makiki field between two of the best teams in the city. The teams bristle with British and Scotch names, which, in itself, is a sufficient guarantee for a game to be played strictly according to British standards.

Although the game last Saturday was a hard fought match, it is anticipated that today's game will be a hot one from start to finish. The Pacifics have been training at Iolani College, while the Maile-Ilimas have been pigskin hunting on the old Makiki grounds. The former team won the league cup last year, and may be depended upon to put up a hard fight to retain its possession. The Pacifics assert that the team which is fortunate enough to beat them this season will be the one to take the cup. The Maile-Ilimas, who were last year's runners-up, are confident of a victory today, and they are putting in an exceptionally strong team.

Nearly all the members of both teams have played "Socker" in the "old world," and the personnel embraces some of the best exponents in the islands of this fascinating toe-ball. "Socker" is catching on with lovers of sport in Honolulu, as was evidenced by the large number of spectators at the match played last week, at which the gentler sex were well represented, and today's game should draw out an even larger crowd. The kick-off will be at 4:15 promptly.

The teams will play the following men:

Maile Ilimas—Goal, Belser; fullbacks, Harvey, R. Anderson; halfbacks, A. T. Miles, J. C. McGill, O. Mayall; forwards, E. G. Munro, D. A. Mackintosh, J. Harwood, J. Laird, J. H. Fiddes, Reserve, White.

Pacifics—Goal, Dusenberg; fullbacks, S. Beardmore, A. Guild; halfbacks, J. Shafer, J. Stokes, B. F. Beardmore; forwards, R. A. Churton, L. G. Blackman, J. Catterall, J. Smith, Henry, Reserve, Nott and Brett.

Mr. Waldron will referee.

"I wonder why Katherine wears three veils wrapped around her hat and none over her face?" "You wouldn't ask if you saw the hat. She trimmed it herself."

NAHIKU CO. STOCK SOLD

**Shareholders Paid
\$0.40 on Each
Dollar.**

**Offer From Alexander &
Baldwin to Buy
Accepted.**

**Total Cost of Settlement With
Control of Assets to
A. & B. \$66,701.**

Stockholders of Nahiku Sugar Co. are offered forty cents on the dollar for the money they have paid upon their shares. A majority of them at the annual meeting of the company yesterday afternoon signed their acceptance of the proposition submitted in writing by Alexander & Baldwin, Ltd., the company's agents.

The meeting was held in the board room of Alexander & Baldwin, Ltd., at 2 p. m., W. H. Hoogs, president, in the chair.

Among the first items of business was the reading of the treasurer's report. This showed the debt due to the agents, on last previous report, as \$34,118.03. The expenses to Dec. 31, 1903, were \$5,473.85. Receipts from water rights, etc., were \$5,675.88. The debt to Alexander & Baldwin, Ltd., on the same date was \$33,916.

Officers for the ensuing year were elected as follows:

W. H. Hoogs, president.
J. F. Morgan, vice president.
G. M. Rolph, treasurer.
H. Armitage, secretary.
John Guild, auditor.

A. Hocking and J. A. Magoon, in addition to the officers, directors.

Jas. B. Castle gave out the first hint of the offer mentioned when he declined a nomination as director, saying that he was present as a representative of the agents. He added that there was a possibility of making an arrangement with Haiku, Paia and Hawaiian Commercial & Sugar Co. plantations for their utilization of Nahiku water on terms similar to the Hana lease that fell through. That transaction authorized in May, 1902, was a rental equal to 6 per cent per annum upon the money paid in by stockholders.

He concluded by suggesting that a resolution be adopted authorizing the directors to use their best endeavors to negotiate the sale of water rights at a figure not less advantageous than was proposed to Hana Plantation Co. Mr. Hocking reminded the meeting that, besides water rights, the company had quite a little block of land. Mr. Castle said that all that the plantations in question could utilize was the water. That was all the value of the land.

Mr. Morgan thought the resolution went too far in authorizing the actual disposal of the water rights by the directors. He would have the directors only obtain an offer for purchase or lease and submit it to a meeting of the stockholders.

Mr. Castle replied that the proposal was identical with what the company had agreed to do before. As to an offer for sale he was convinced that a vote to sell the property at this meeting would not bind stockholders who were not present. Alexander & Baldwin had talked over the matter of what they would give for Nahiku stock. Of course if they bought a majority the stock it would give them control of water rights and everything.

"Why not make the proposition here?" President Hoogs asked.

Mr. Castle in reply stated that all that Alexander & Baldwin were willing to pay was forty per cent. of what had been paid in. This offer would remain open during January. As to a lease, it was possible that Alexander & Baldwin might do better than in the proposal to Hana.

President Hoogs, after a little general talk, asked shareholders by name what they thought of the offer of forty cents on the dollar. "Do you consider it an attempt to freeze out the small stockholders?" he put as a test question, explaining that it was to avoid having any after criticism.

There was practical unanimity in answers favorable to accepting the offer. One man reserved his opinion, as he held stock in trust, while another did not care to decide offhandedly. These two were the only exceptions to the opinions in favor of selling the stock as the quickest way of winding up the company as a sugar-planting proposition.

On a suggestion to take a stock vote of those present on selling out, Mr. Castle sent into Alexander & Baldwin's office for their proposition to buy the stock, in black and white. When the document was brought and read, nearly all present forthwith signed an agreement to sell their respective shares.

Mr. Hocking moved a vote of thanks to Alexander & Baldwin for their generous treatment of the stockholders, in carrying the company over for the past two years, which had made it possible for them to get something back.

This was well received and unanimously adopted.

Mr. Castle spoke the appreciation of Alexander & Baldwin for the expression, contrasting as it did with the recriminations sometimes heard upon

L. B. KERR & CO.
LIMITED

Alakea Street between King and Hotel.

the failure of enterprises.

After the meeting Secretary Armitage saw other stockholders on the outside, with the result that signatures of holders of more than 6000 shares, altogether, were obtained before night. The total number of shares alive is 11,709. This represents \$31,963 paid in. Forty per cent of this, which Alexander & Baldwin offer, makes \$32,785, which, added to the debt of \$33,916 due them, amounts to \$66,701 they pay for control of the assets of the Nahiku Sugar Co. These include about 900 acres of land in fee simple, which comes into Alexander & Baldwin's absolute control at a cost, shown by the figures just given, of \$74 an acre.

THE TRUTH ALWAYS.

"When you are in doubt tell the truth." It was an experienced old diplomat who said this to a beginner in the work. It may pass in some things, but not in business. Fraud and deception are often profitable so long as concealed; yet detection is certain sooner or later; then comes the smash-up and the punishment. The best and safest way is to tell the truth all the time. Thus you make friends that stick by you, and a reputation that is always worth twenty shillings to the pound everywhere your goods are offered for sale. We are able modestly to affirm, that it is on this basis that the world-wide popularity of WAMPOL'S PREPARATION rests. The people have discovered that this medicine is exactly what it is said to be, and that it does what we have always declared it will do. Its nature also has been frankly made known. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. A combination of supreme excellence and medicinal merit. Nothing has been so successful in Anemia, Scrofula, Bronchitis, Influenza, Loss of Flesh and Wasting Diseases, Weakness and Low Nervous Tone, and all complaints caused by Impure Blood. Dr. Austin D. Irvine, of Canada, says: "I have used it in cases where cod liver oil was indicated but could not be taken by the patient, and the results following were very gratifying." It cannot deceive or disappoint you, is effective from the first dose and comes to the rescue of those who have received no benefit from any other treatment. It represents the dawn of progress. Sold by all chemists everywhere.

AUCTIONEER.**

The Real Thing

IN THIS AGE of imitation

Everything in all creation

Is inclined to substitution:

They sell you Jersey butter

That never saw a cow,

There's lots in a bag of flour

That never felt the plow;

They take all kinds of dried-up leaves

And brand the package "tea,"

They sell you high-grade Java

That never crossed the sea;

They sell you pretty nutmegs

That are simply made of wood.

They do the same with everything—

And say "It's just as good."

So if you want the genuine,

The kind that never grows faint,

That'll stick like glue and stop leaks too,

GET ELASTIC CARBON PAINT.

It is the antidote for small leaks. For

large leaks we have good shingles and

corrugated iron.
